BUILDSEC 2025
[IEEE Approval Pending]

01 - 03 Dec 2025

BuildSEC'25 is your chance to be part of the solution in safeguarding our increasingly digital society. This conference goes beyond technical discussions, offering a unique platform to collectively address the most critical cybersecurity and privacy challenges we face today. We explore how cutting-edge technologies and user studies can be leveraged to protect citizens in cyberspace. By bringing together academics, industry leaders, and government officials, we foster collaborative solutions that address real-world concerns. Our program will delve into advanced security methods, risk analysis, and the impact of technology choices, ultimately aiming to make the digital world safer for everyone.
