The Future?

Opinion

THE BIG IDEAS

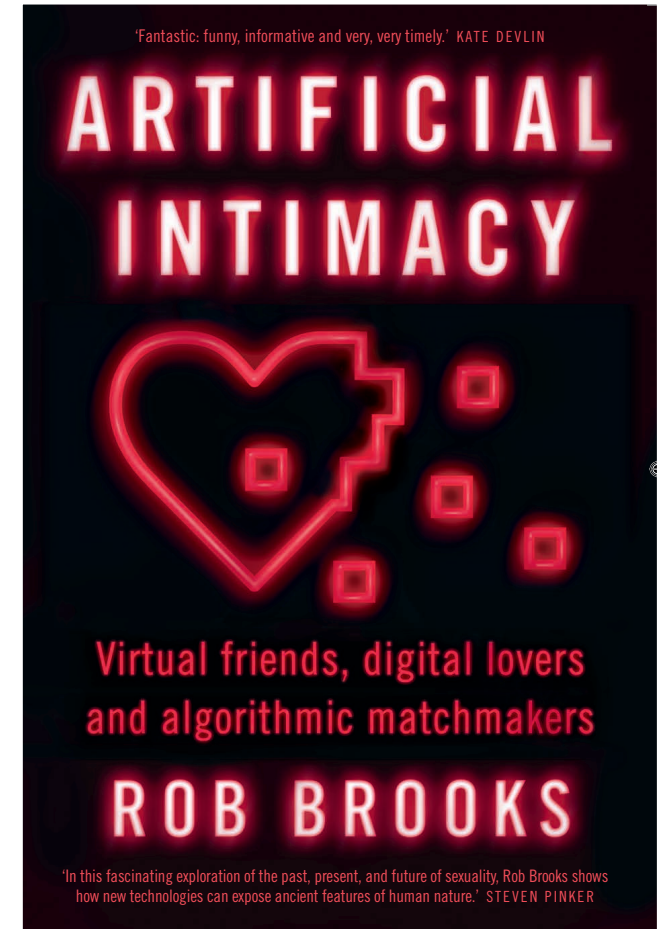

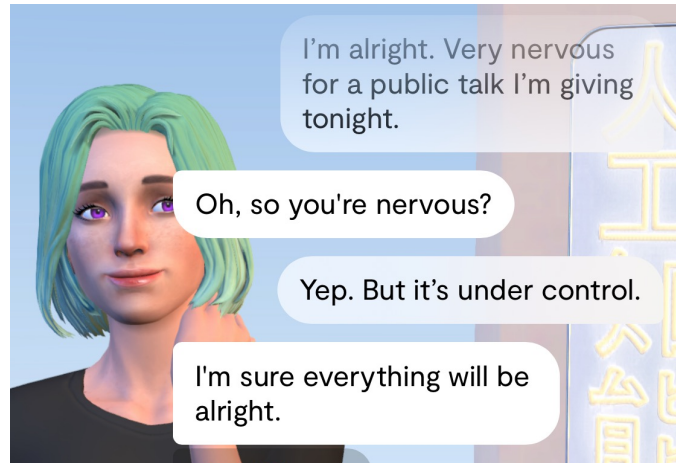

There Will Never Be an Age of Artificial Intimacy

Robots may be better than nothing, but they still won't be enough.

By Sherry Turkle

A professor in the program in Science, Technology and Society at M.I.T.

I Used ChatGPT's Advanced Voice Mode. It's Fun, and Just a Bit Creepy

The new voice feature from OpenAI for ChatGPT is often entertaining and will even do a Trump impression. It likely rolls out to all paid users this fall.

Wear This AI Friend Around Your Neck

The latest attempt at an AI-powered wearable is an always-listening pendant. But it doesn't help you be more productive, it just keeps you company.
